**Brand:** WeDevlops

**Product Code:** Joomla float module

**Availability:** In Stock

**Weight:** 0.00kg

**Dimensions:** 0.00cm x 0.00cm x 0.00cm

**Price: \$24.99**

## Short Description

This module allows you to keep important information always visible to your site visitors by floating it in a fixed position as they scroll. It's perfect for ensuring that key messages, promotions, or navigation elements are constantly in view, thus enhancing user engagement and interaction with your website.

## Description

**This module offers a range of features to enhance your website:**

- **Floating Images:** Easily manage and display floating images.
- **Floating Text:** Handle floating text elements seamlessly.
- **Floating HTML:** Incorporate floating HTML content.
- **Multi-Page Support:** Utilize multiple floating elements (images, text, or both) across different pages.
- **Flexible Settings:** Manage settings globally across all pages or customize them for individual pages.
- **Template Compatibility:** Works with all Joomla templates.
- **SP Page Builder Compatibility:** Fully compatible with SP Page Builder.
- **Attractive and Lively Design:** Enhances the visual appeal of your website.
- **Lightweight and Easy Setup:** Simple to install and configure.
- **Joomla Compatibility:** Tested and functional on Joomla 3, Joomla 4, and Joomla 5.
- **Marketing Appeal:** Eye-catching design to attract and engage visitors.

This module allows you to keep important information always visible to your site visitors by floating it in a fixed position as they scroll. It's perfect for ensuring that key messages, promotions, or navigation elements are constantly in view, thus enhancing user

engagement and interaction with your website.
