Description

Joomla Falling Snowflakes and Blinking Stars Module

Functionality:

Visual Enchantment: Adds a charming animation of falling snowflakes and blinking stars to your Joomla website, enhancing its visual appeal.

Customizable Star Colors: Choose the color of the stars from the module settings, providing flexibility to match your site's design.

Randomized Animation: The snowflakes and stars fall and blink in a randomized pattern, creating a dynamic and magical effect.

User-Friendly Settings: Easily adjust the number, speed, and size of the snowflakes and

stars to achieve your desired look.

Responsive Design: Ensures the animation works smoothly across all devices, including desktops, tablets, and smartphones.

Compatibility: Fully tested and operational on Joomla versions 4 and 5, and works with all Joomla templates.

Simple Setup: Easy to install and configure, allowing you to quickly add the snowfall and star effect to your site.

This module lets you add a whimsical touch to your Joomla website with animated falling snowflakes and blinking stars. You can customize the colors and settings to create a unique and festive atmosphere that enhances the user experience. Perfect for holiday seasons or adding a magical touch anytime.

The screenshot shows the Joomla! administrator interface for configuring the **mod_snowfall** module. At the top, there is a 'Title *' field containing 'mod_snowfall'. Below this is a tabbed interface with 'Module' selected, and other tabs for 'Menu Assignment', 'Advanced', and 'Permissions'. The main configuration area for **mod_snowfall** includes a 'Site' icon and a description: 'Module to display falling snowflakes with adjustable speed, density, and star color.' The configuration fields are: 'Snowflake Speed (seconds)' set to 5, 'Snowflake Density' set to 5, and 'Star Color' set to a blue square with the hex code #1dcceb. On the right side, there are additional settings: 'Title' with a green 'Show' checkbox, 'Position' set to 'main-top' with a dropdown arrow, 'Status' set to 'Published' with a dropdown arrow, 'Start Publishing' with a date picker icon, and a 'Finish Publishing' link at the bottom.
