Description

Wordpress plugin for Floating Circles with Random Colors PRO

Functionality:

Dynamic Visuals: This plugin adds an animated effect of floating circles with random colors to your wordpress website, enhancing its aesthetic appeal.

Customizable Animation: The wordpress admin panel includes fields for Animation Speed and Animation Delay. These fields allow you to control the speed of the floating animation and the delay between each circles's creation, giving you complete flexibility over how the animation looks and behaves.

Random Color Generation: Each circles is assigned a random color, creating a vibrant and lively display that captures visitors' attention.

Responsive Design: The animation works seamlessly across all devices, ensuring a consistent visual experience on desktops, tablets, and smartphones.

Versatile Use: Perfect for adding a magical touch to your site, celebrating special events, or simply making your website more engaging.
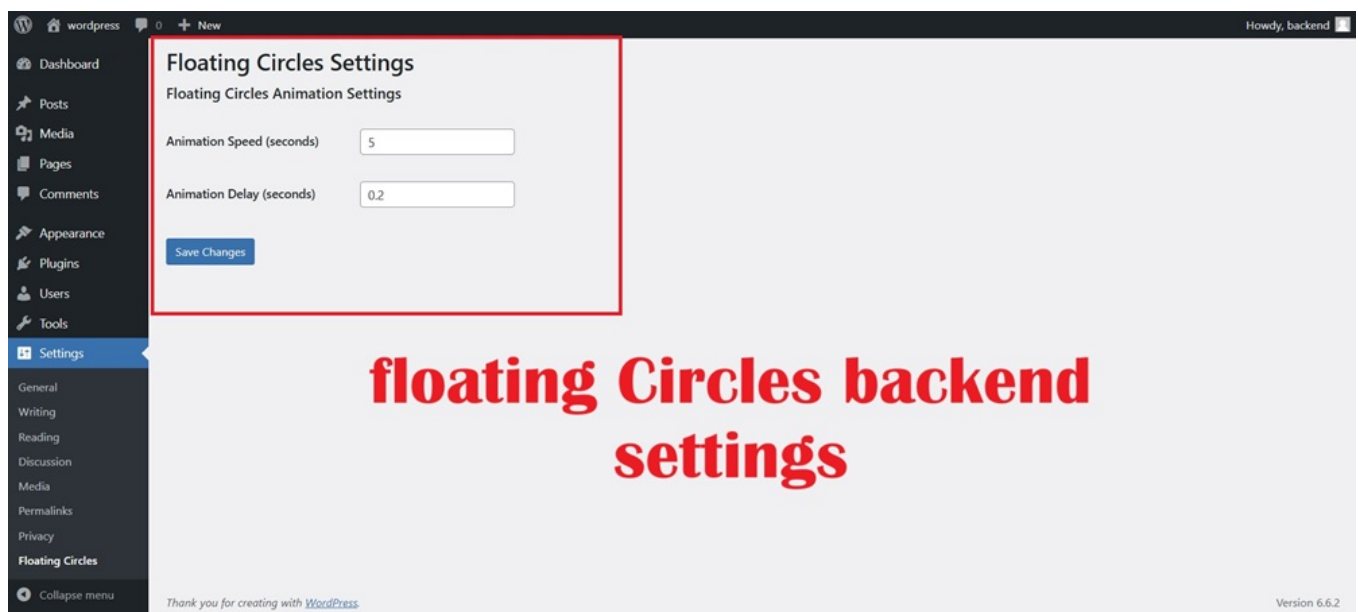

Compatibility: Fully tested and operational on wordpress versions 6.x and works with all wordpress templates.
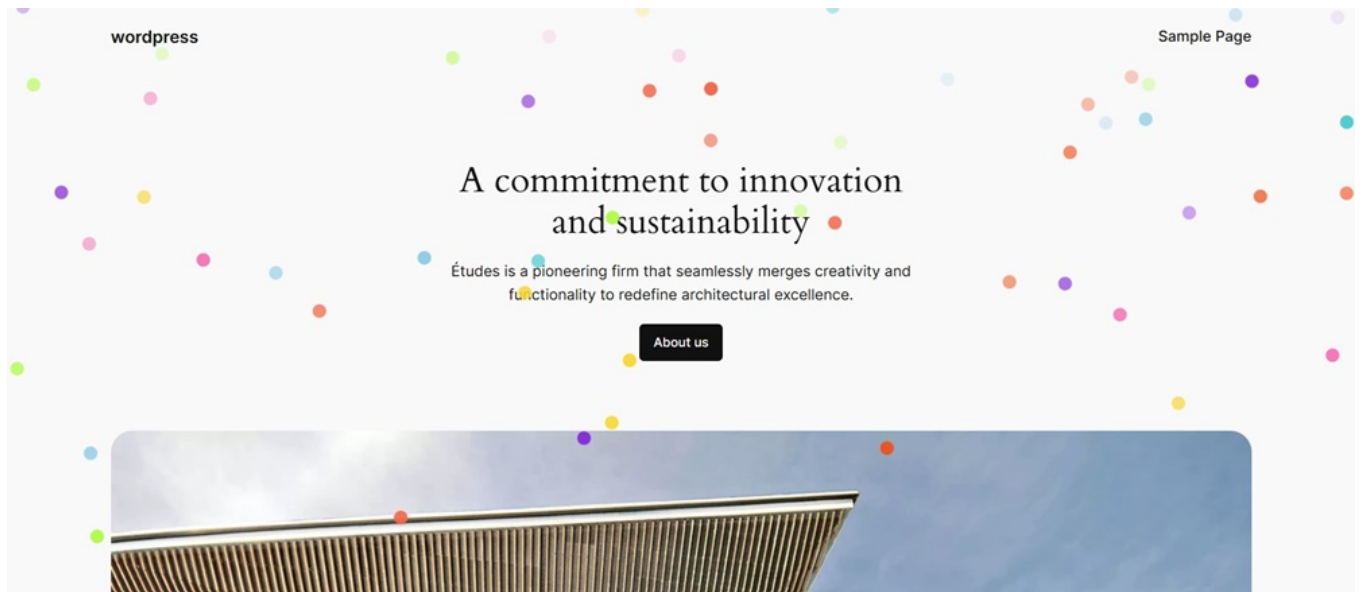

Easy Setup: Quick to install and configure, enabling you to add the floating stars effect to your site with minimal effort.

This module is perfect for adding a whimsical and dynamic effect to your wordpress site. By customizing the animation speed and delay, you can create a unique and captivating star field that enhances the overall user experience and keeps visitors engaged.

WHAT IS THE DIFFERENCE BETWEEN FREE AND PRO VERSION:

- The PRO has a settings to control the animation speed and animation delay
