Price: $19.99

Short Description

This Joomla module allows you to display articles in a grid layout on your website.

Description

This Joomla module allows you to display articles in a grid layout on your website.

It provides options to sort and filter the displayed articles, making it easier for users to find the content they're interested in.

Details Grid Layout: The module arranges articles in a visually appealing grid thumbnail format to fit the design of your website.

Sorting Options: Users can sort articles based on recent or oldest dates.

Filtering Options: The module includes filters to narrow down the displayed articles by categories.

Responsive Design: The grid layout is responsive, meaning it adapts to different screen sizes and devices, ensuring a consistent experience across desktops, tablets, and smartphones.

Customization: You can customize the number of articles displayed, and sorting.

Compatability: Tested and compatible with Joomla 4 and Joomla 5
